THE IRL AND FACULTY EXPERTISE PROFILES INCREASE

Discoverability
Readership
Impact
Visibility
Engagement

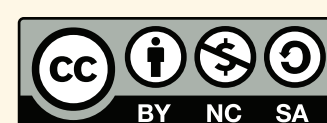

The mission of the Institutional Repository Library is to gather, disseminate, and preserve works from the UMSL community. The **IRL** is simultaneously a set of services that the library provides and a web resource to host works from members of the UMSL community.

When works are added, it creates new points of access, reaching not only other scholars on campus but scholars across the world. Beyond acting as a distribution tool, the **IRL** collects analytics and provides reports about how often and from where works are viewed and downloaded.

The **IRL** supports student scholarship by providing a platform for submitting and showcasing theses, dissertations, and other student works.

OPEN  ACCESS

OPEN EDUCATIONAL RESOURCES
